SENATE.

(Continued from Page 1.)

amended by Senator Baldwin carried. Senator Achi obtained the insertion of \$5,000 for developing water for settlers up Kailhi valley. He said the Government had no water there, but would have to dam the stream.

Senator Achi also had the item for Hoopuloa wharf shed increased from \$500 to \$900.

Senator J. T. Brown had the item for Lualualei water raised from \$1,000 to \$2,000.

Hilo Fire Alarm.

Senator J. T. Brown secured the insertion of \$2,500 for installing Game-well fire and police alarm boxes in Hilo.

Senator Achi moved for the Game-well alarm in Wailuku, but was not seconded.

Senator Kaohi moved reconsideration of the item of \$750 for graveling road from Nanaoahae Hill to Keamoku. He said the Government had no right to make a road into the mountain.

Senator Paris defended the item as in the bill, saying the section was to finish the best road around the island. To Senator Achi's objection that the amount would not be enough, he said the road authorities ought to know what they wanted. He knew the road, having traveled over it.

The item was changed to describe the road as "from Puunahua to Nanaoahae Hill." Senator Paris would not have let the matter rest, but having consulted the Superintendent of Public Works found the change made no material difference.

Subsidy to Paradise.

President Crabbe, having surrendered the chair to Senator Isenberg, moved to insert an item of \$5,000 for subsidy to the periodical Paradise of the Pacific, on condition that 6,000 copies a month be distributed for six months at the St. Louis Exposition and 750 copies a month be furnished to public libraries. He spoke of the high esteem with which the Paradise had been regarded in the Boston public library.

Senator Dickey proposed that one-fourth the amount be inserted in this bill and the remainder in the 18 months' bill. This was accepted and the item was inserted at \$1,250.

Senator Dickey moved an amendment to the effect that appropriations be carried out after December 31 by the Board of Public Institutions. After general conversation and other amendments, the bill was left unchanged in its declaratory sections. It passed third reading unanimously on call of the roll.

House Expense Bill.

Senator Paris moved that the vote on third reading of the House expense bill be reconsidered and that the House be requested to return the bill to the Senate.

Senator J. T. Brown raised a point of order against the motion, but Sen-

ator Paris was ruled in order by the President.

While the objector was arguing against the procedure, the mover withdrew the motion. He said he had just been informed that the House had passed the Senate expense bill.

Hilo Wants Band.

Senator J. T. Brown presented a largely signed petition from Hilo, praying that an appropriation be made for expenses and transportation of the Territorial band to attend a celebration there on the 3d and 4th of July. It was stated that the breaking of ground for the Kohala-Hilo Railroad would be one of the principal events and a majority of the exercises would be free to the public. Referred to Committee on Miscellaneous Petitions.

At 11:45 the Senate adjourned for the day.

AMERICA MARU FROM ORIENT.

The Toyo Kisen Kaisha's liner America Maru arrived from the Orient Sunday at 2:30 p. m., after a fair voyage. The only passengers for Honolulu were O. Shioda, manager of the Kei Hin bank, who returns to this city after an absence of several months, and H. Hope Doerz and J. W. Bixley, both lay-over passengers.

Among the through passengers were Hon. K. Sugimura, the newly appointed Japanese minister to Mexico; D. H. Blake, manager of the American Trading Co. at Yokohama, and a number of German tourists. The Maru brought 568 tons of freight for this port.

TRIP TO MIDWAY.

It has been decided that the Iroquois will sail for Midway Island next Thursday. She will remain away for about a month.

A general court martial, composed of officers from the Wisconsin, sat in the Naval Station this forenoon on the case of a prisoner who for some time past has been held on board the Iroquois.

The British ship Thomasina MacLellan arrived from Newcastle yesterday after a speedy passage of 45 days. Fine weather was enjoyed throughout the voyage. The MacLellan brings a cargo of 2600 tons of coal consigned to Castle & Cooke.
